

# INVITATION

You are cordially invited to attend a presentation on:

## How to Break the News in ALS/MND

A primer for Physicians and Allied Health Professionals

### Learning Objectives:

- Describe the impact delivering news in ALS/MND can have on patients, caregivers and healthcare professionals
- Identify and address personal biases and perspectives on ALS/MND, death and dying
- Recognize and apply best practices in delivering news to people living with ALS/MND and their caregivers
- Respond to patient/caregiver distress when receiving the news
- Apply the A-L S-PIKES technique in clinical practice to improve confidence and comfort in delivering news
