

# How To Apply for the ElevenLabs Impact Program

This guide will walk you through the steps to apply for the Impact Program. You will learn how to fill out the application form, attach necessary documents, and send the application. To apply - you must already have a condition that has permanently changed you speech or has resulted in speech / voice loss.

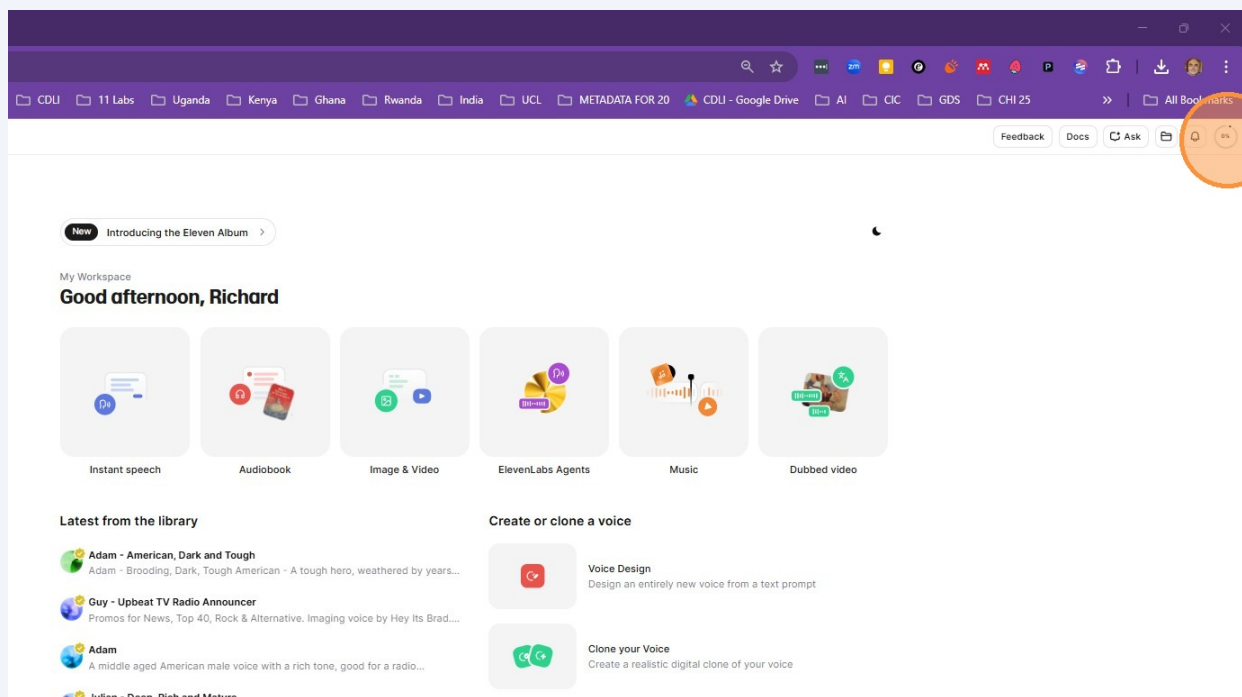

1

To apply for a free ElevenLabs Pro Account, you must have a condition that has permanently changed you speech or has resulted in speech / voice loss.

When ready to apply - you must FIRST create a free ElevenLabs account by signing up at <https://elevenlabs.io/>

DO NOT subscribe to any chargeable plans and DO NOT add your credit card details to your account.

Once the free account is created - click on the circle icon on the top right of the home page.

## 2 Click "Apply for Impact Program"

The screenshot shows the ElevenLabs dashboard interface. At the top right, there are navigation links for Feedback, Docs, Ask, and a user profile icon. The user profile menu is open, showing options like Balance, My Workspace, Settings, Subscription, Pronunciation dictionaries, Theme, Payouts, Become an affiliate, **Apply for Impact Program** (highlighted with an orange circle), Use, Voiceover Studio, AI Speech Classifier, Docs and resources, Terms and privacy, and Sign out. The main dashboard area is titled "My Workspace" and "Good afternoon, Richard". It features a row of service tiles: Instant speech, Audiobook, Image & Video, ElevenLabs Agents, Music, and Dubbed video. Below this is a "Latest from the library" section with voice samples and a "Create or clone a voice" section with options like Voice Design, Clone your Voice, and Voice Collections.

## 3 Fill in the required details

The screenshot shows the same dashboard as above, but with the "Apply for Impact Program" modal form open in the foreground. The modal has a title "Apply for the Impact Program" and a mission statement. It contains the following fields: Email Address (pre-filled with richard.cave.17@ucl.ac.uk), First Name (Richard), Last Name, Phone Number, Year of Birth, Gender (dropdown menu), Location (City, State, Country), and Partner (dropdown menu). There are "Cancel" and "Continue" buttons at the bottom of the modal.

4

Some Impact Partners only cover certain geographic locations and specific condition - be sure to add your location and check the impact partner covers your condition.

Select the Impact Partner that is best for you. In this example we will select "11Labs - UCL" - this partner accepts global application for any condition that permanently affects speech/voice, and results in significant change or loss.

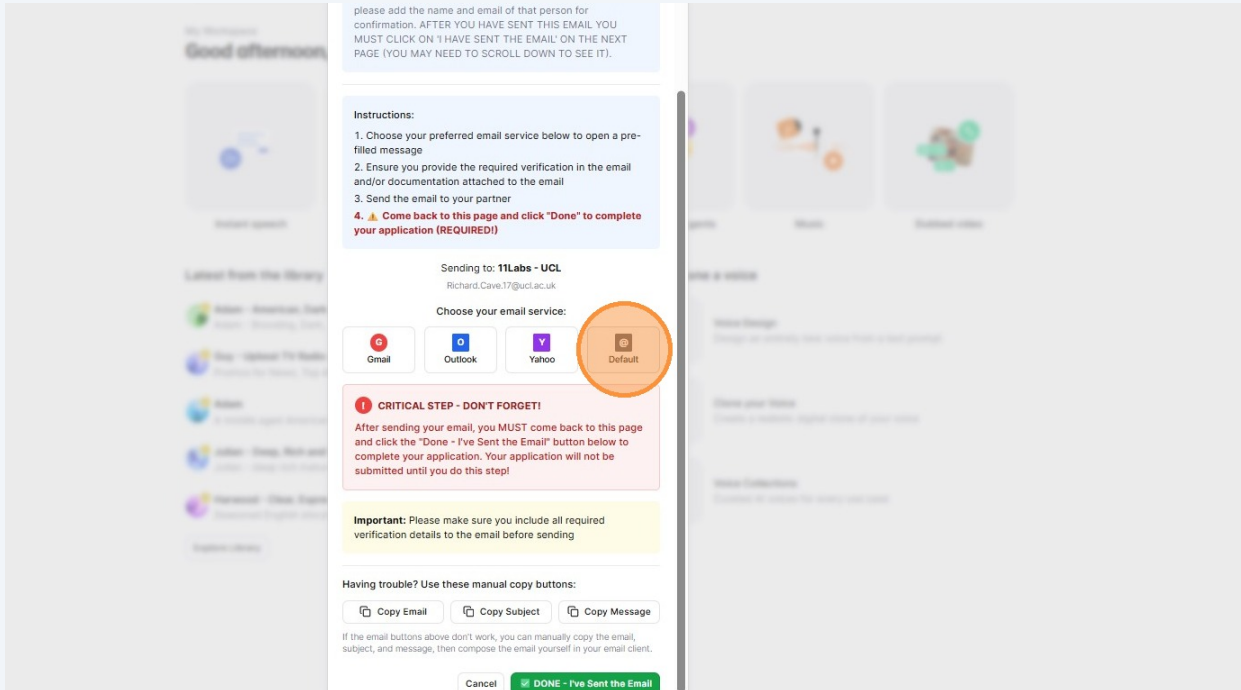

7

Check that your condition and location is covered - then click on Continue

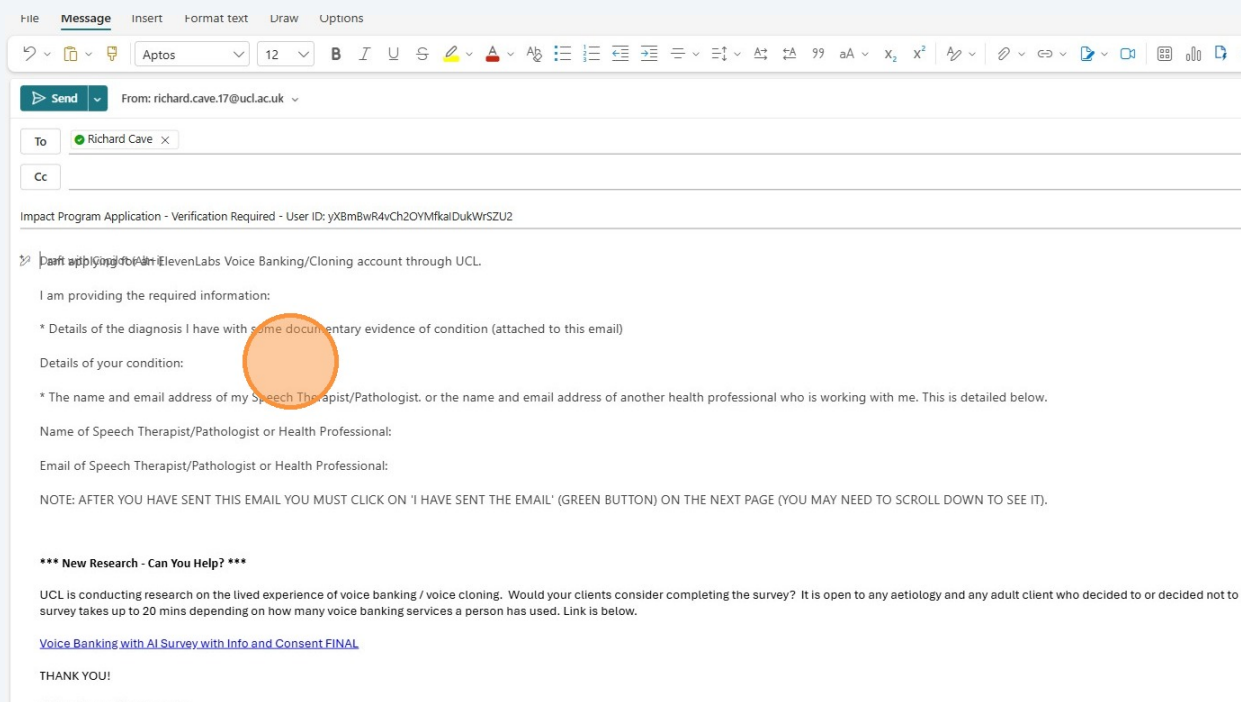

8

Choose your preferred email service to send details of your application to the Impact Partner. This will open your own personal email. You need to attach evidence of your condition for the Impact Partner to review. ElevenLabs will never see your application or the documentation as it is not sent to them, only to the Impact Partner you choose. In this case I selected 'Default' as my email service, but you should select the email service that is best for you.

9

A pre-filled email will be opened on your computer / tablet or mobile phone

## 10 Add in the details required. In this example I specified a condition of MND/ALS

**\*\*\* New Research - Can You Help? \*\*\***

UCL is conducting research on the lived experience of voice banking / voice cloning. Would your clients consider completing the survey? It is open to any aetiology and any adult client who decided to or decided not to voice bank using any technology (Speak Unique, Acapela, ElevenLabs etc.). The survey takes up to 20 mins depending on how many voice banking services a person has used. Link is below.

14

Come back to the page in ElevenLabs (it should still be open) and you MUST Click "DONE - I've Sent the Email" - at the bottom of the screen - and you may need to scroll down to see it. This is essential or your application will not be received. Within a day or two your application will be reviewed by the Impact Partner you have chosen and will either approved by them, or rejected with a reason why.

15

If approved, your account will be automatically updated to an ElevenLabs Pro Account the next time you log in. The process is complete!
